CO₂ SINGLE CYLINDER MOUNTING STRAPS

DESCRIPTION
Cylinder Straps are made of steel, primed and painted red with a baked enamel finish for corrosion resistance. All mounting hardware is supplied by the system installer.

APPLICATION
Cylinder straps are used to secure the cylinder in place, on a single cylinder system, in accordance with OSHA and NFPA 12 requirements. The straps may be secured to any structurally solid surface. Anchoring into plaster or any other facing material is not acceptable.

SPECIFICATIONS
Materials: Carbon Steel
Paint - Red Gloss Enamel
